

Can you name all the animals on the last two pages?

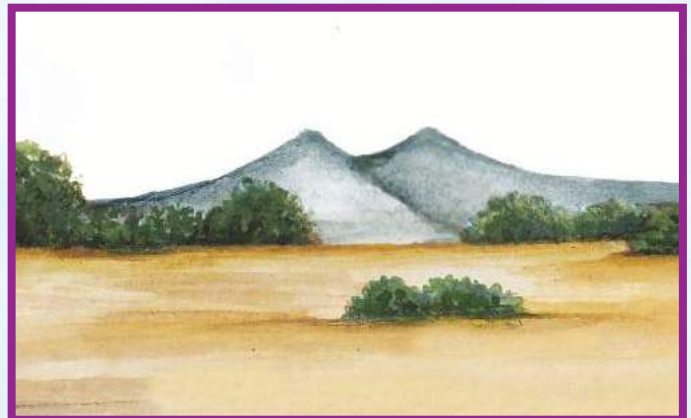

Which one is your favorite?

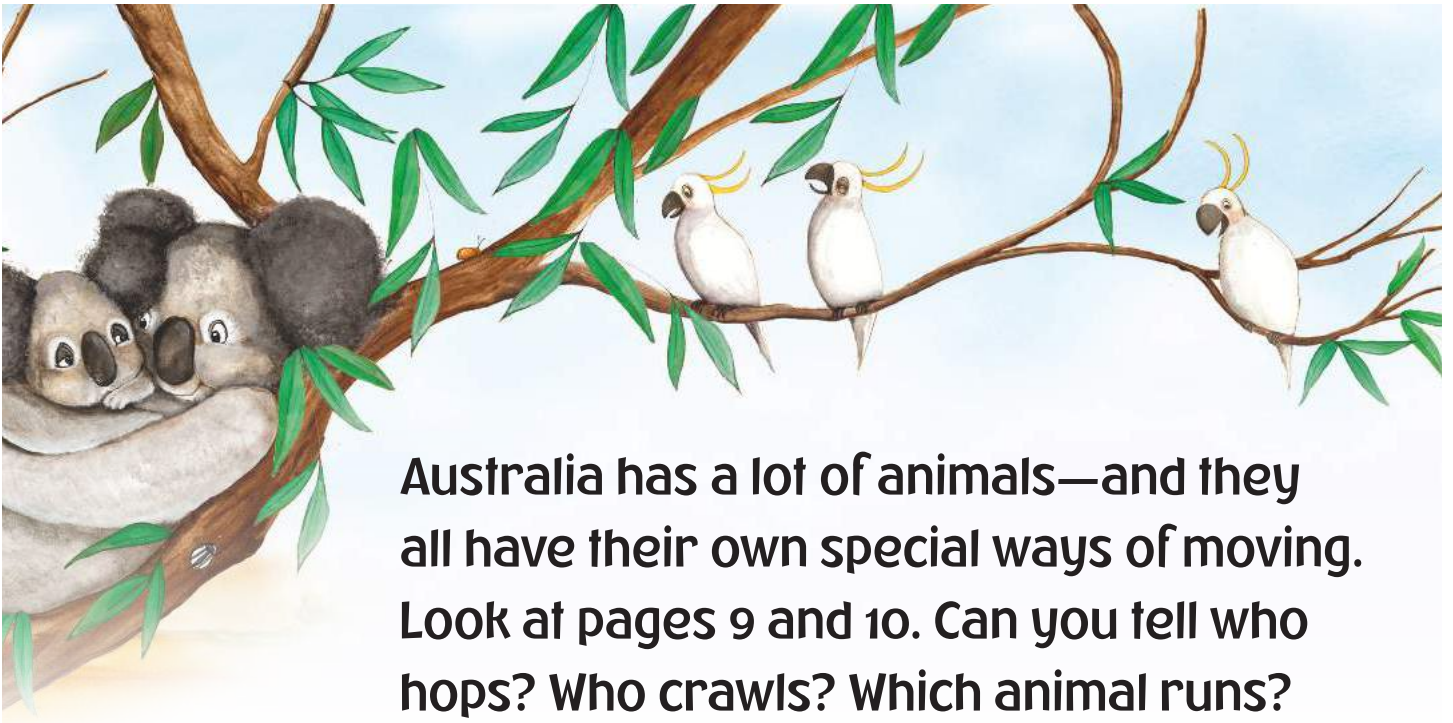

These animals come from around the world. And the places they live can look very different!

Which of their homes looks the most like where you live?

Is there one you'd like to visit?

Australia has a lot of animals—and they all have their own special ways of moving. Look at pages 9 and 10. Can you tell who hops? Who crawls? Which animal runs? Which one flies?

Pretend you're a kangaroo! Pretend you're a lizard! Pretend you're a koala!

What is your favorite way to move?

Oh no! It's feeding time, but the little goat has followed the butterfly too far. Now she needs to get back to the barn. Can you help her find her way in time for dinner?
